FROM THE PUBLISHER'S DESK

Ted Adams here. I'm going to be your monthly guide through the IDW/Top Shelf checklist, pointing out our big hits and bringing your attention to some gems that you might otherwise miss.

Another big month at IDW starts with something small... the return of *The Micronauts* to comics. In 1979, I was eleven years old, and my *Micronauts* toys and comics were my most prized possessions. I still have some bits and pieces of my toys, and those comics are still in my collection more than 35 years later.

The *Micronauts* creative team—Cullen Bunn and David Baldeón—have put together an action-packed space opera under covers by Baldeón, **Gabriel Rodriguez, Butch Guice,** and **Michael Golden. J.H. Williams III,** who shares my passion for *The Micronauts*, is also providing covers for the first four issues—his first work for IDW.

Other new releases in April include:

- ***Strawberry Shortcake* #1** by **Georgia Ball** and **Amy Mebberson**, available in regular and strawberry-scented editions.
- ***Star Trek: Manifest Destiny* #s 1 & 2** by **Mike Johnson, Ryan Parrott,** and **Angel Hernandez.** Captain Kirk and the Enterprise crew vs. the Klingons in the ultimate showdown!

- ***Dungeons & Dragons* #1**, which sees **Jim Zub** return to the world of D&D for an all-new story. He's accompanied by **Nelson Daniel** on art.
- ***The X-Files* #1** by **Joe Harris** and **Matthew Dow Smith**, a new series that's executive produced by *X-Files* creator **Chris Carter.**
- ***Hot Damn* #1** by **Ryan Ferrier** and **Valentin Ramon**, the creative team of *D4VE* take us on a wild tour of Hell.

Top Shelf has ***Apocrypha Now*** by **Mark Russell** and **Shannon Wheeler**, the sequel to *God is Disappointed in You*.

Earth Day is April 22nd, and I'm happy to announce that all five **Michael Recycle** picture books by **Ellie Bethel** and **Alexandra Colombo** are now available again.

Random Encounter: Plains of the Troll King is the latest from **IDW Games.** Designed by Jamie Keddie, you can raid your friends or adventure alone in an attempt to slay the creatures of the Troll King's Kingdom and harvest their loot. This quick-paced card game is designed for 1 to 5 players.

April 1st is a big day for IDW—the first episode of ***Wynonna Earp*** airs on **Syfy** at 10 p.m. **IDW Entertainment** is the worldwide distributor for the show that's being produced by **Seven24.**

Wynonna Earp was created by my good friend, **Beau Smith**, and **Emily Andras** is the writer/show-runner who developed it for television. Emily's version of *Wynonna Earp* finds our lead character, the great-great-granddaughter of Wyatt Earp, summoned back to her home town where she discovers she's the only one who can stop the demonically possessed people that Wyatt Earp brought down when he was a lawman. Wynonna's recruited to join the secret Black Badge Division of the U.S. Marshals by Agent Dolls and gets help from her sister, Waverly, and the immortal Doc Holliday.

We had hundreds of great actors audition for the lead roles, and we got our first choice for each—**Melanie Scrofano** as our lead character, **Shamier Anderson** as Agent Dolls, **Dominique Provost-Chalkley** as Waverly, and **Tim Rozon** as Doc Holliday. My wife and I had fun learning how to shoot guns with Tim and Dominique (with Shamier as one of our instructors), and one of the best experiences of my life was taking Beau and his wife to Canada to meet the folks who were bringing his creation to life.

We're all very proud of the show and we're excited to share it with you!
